You are throwing 10 cents away every time you pay 35 cents for a pound of coffee to a traveling solicitor. We sell you a blend of coffee put up by one of the largest coffee houses on the coast to compete with this class of traders and we say that we have them discounted on trial, if not so you keep the coffee and we return the cash. is different than other foods. It is not a stimulant but a genuine food tonic which builds up the system of the fowls, helps them digest their regular feed and get more good out of it. It is not a whip that lashes your fowls to extra exertion at the expense of their health, but a constant and gentle every day help that does permanent good.

Costs about 1 cent a day for 24 hens.

CATCHING COLD.

The Way This Is Aided by Improper Methods of Feeding.

The really important question is, In what does predisposition consist? We talk of a man "catching a cold." But it would be more correct and equally graphic to say that the cold has "caught" the man, for it does catch him unawares and often when he least anticipates it. But no cold ever caught any man unless he had first prepared the ground for it by a careful process of fertilization.

No amount of mere exposure to a low temperature alone will cause a "cold" in a perfectly healthy man in whom the product of wear and tear of nerve and muscle with adequate excretion of waste products on the one side is evenly balanced by food supply and exercise on the other. Where this equilibrium does not exist such exposure then operates as a "chill."

Now, who are the people who are liable to catch cold? Not those whose dietary is so carefully adjusted to the work they have to do that there is no opportunity for the accumulation of unused foodstuffs in their tissues, but those who in the better fed ranks of society eat and drink more than they need to meet the daily requirements of their bodily activity and are thus continually storing up in their tissues and excreting organs material which if appropriately used would form valuable ammunition for the development of energy either of body or mind, but which when stored beyond a certain point has to be blown off in a "cold" or a "billious attack" or in a more pronounced fit of gout.—Dr. Francis T Bond, a London Expert.

Realistic Music.

Once, during his second term, Grover Cleveland was asked to speak at a function in a certain town, and when he arrived at the depot the wind was blowing a gale, sleet was driving and hailstones nearly as large as marbles were fiercely falling. Of course the inevitable brass band was there, and at the sight of the president the performers struck up with all the strenuosity at their command. "That is the most realistic music I ever heard," remarked Cleveland. "What are they trying to play?" asked Secretary Olney, who accompanied him. "'Hail to the Chief!'" replied the president, with a cheerful smile.

Ore and Fuel.

Pennsylvania, which makes more than half the iron used in the United States, produces less than 2 per cent of the iron ore mined. Ohio, which comes next to Pennsylvania as an ironmaker, mines less than 1 per cent of the total. In both cases the ore is brought to the fuel, and this is the policy in this country. Only in Alabama are the ore and fuel found together.—Scientific American.

Revenge.

"Why didn't you stop for that man?" inquired the passenger on the front platform.

"Because," said the motorman, with a metallic ring in his voice, "he used to run one of these cars when I had a job of clerkin' downtown. I'm gettin' even with him, by gosh!"—Chicago Tribune.

Get SCOTT'S Emulsion

When you go to a drug store and ask for Scott's Emulsion you know what you want; the man knows you ought to have it. Don't be surprised, though, if you are offered something else. Wines, cordials, extracts, etc., of cod liver oil are plentiful but don't imagine you are getting cod liver oil when you take them. Every year for thirty years we've been increasing the sales of Scott's Emulsion. Why? Because it has always been better than any substitute for it.

The Greatest American Two-Cylinder Touring Car Ever Sold FOR $1550.00

This car is superior, in design and speed, to many of the best two-cylinder cars built in 1904—cars which sold for from $2000 to $3000.

20-H. P. Oldsmobile Touring Car

This is the latest Oldsmobile creation—a 20-H. P. two-cylinder touring car with side entrance. Double opposed motor 5½ x6, 90-inch wheel base, noise of exhaust completely eliminated. It combines comfort with speed, hill-climbing ability and plenty of surplus power.

It is roomy and comfortable. Its distributed weight and long spring action permit 5 to 10 miles per hour increased speed over rough country roads with comfort and this case of spring saves tire expense and general wear and tear.

It is very easily controlled and is quick in action. It runs on high speed up to 40 miles an hour. This machine is very popular in San Francisco as it has the power to take heavy grades on high speed. This space is too limited to give full description; the whole story is told, however, when we say "There is no other $1550.00 machine of its class to equal it." Let us prove this to you.

Don't forget that our French Type Runabout at $800.00 (F. O. B. San Francisco) has no equal. Our Olds Curve Dash ($700.00) is a standard "Office on Wheels"; Our Tonneau ($.050.00) is a good slow speed family car. Altogether we have twelve types of machines. OLDSMOBILES run the year through and run for years. The wear and tear expense is $1.00 to $5.00 for other makes.

Our WINTON Four-Cylinder Touring Cars have all cars of their class "driven to the tall timber"—4 Models, 16 to 30 H. P. $1950 to $4650

D. E. O'KEEFE.....EDITOR AND PROPRIETOR

Professor Osler of Johns Hopkins University never thought of the advisability of chloroforming the hopelessly insane or criminal classes, but he is dead sure that it would be a good thing for all classes at the age of 60. He also thinks that nobody does any work after 40, though Vanderbilt, Morgan and Rockefeller made a pile of money after that age, and Grant, Lee and Roberts did some tolerably good fighting when considerably older. Kuropatkin and Kuroki will never see 40 again.

One sometimes wonders why college students think that they enjoy certain privileges and immunities not granted to other citizens. An antiquarian has attempted to explain this feeling as the survival of the customs of the ancient chartered universities in Europe, whose students were responsible only to the university authorities of the town in which the university was situated. There is probably something in the view, as oid customs die hard and even cross oceans to lands not dreamed of when the originated.

A Chicago shop girl has sued her employer for $15,000 damages inflicted during one hug. The injuries were purely mental. As the offense was committed in June, 1903, the lady must have brooded over her wrongs a long time before seeking to have them righted by the courts. Her employer is lucky in that he refrained from any more manifestations of his affections, for even a millionaire can't afford many embraces at $15,000 per.

Senator Perkins brought back a pleasant bit of news from Washington. He attended a dinner at the White House a few days before his departure from home, on which occasion an Eastern statesman commented on the beauty of a loving cup on the table within reach of the President.

"That," said Mr. Roosevelt, "is a cup that was presented to me by the citizens of San Francisco. I prize it as one of my fondest treasures, and I always have it on the table at dinner. By the way, let us drink to the prosperity of California."

And they did.

Our parson preached on the text "Look not upon the wine when it is red," and he gazed at us through his entire sermon. We don't know why he looked at us, as we were as dry as a goat, and we don't like personal religion no how.

One of the largest women's clubhouses in the world is being put up in San Francisco. It is to be a twelve story building and will face Union square. Some $1,500,000 will be spent in buying the site and putting up the building.

According to the careful estimate of the census office, the present population of the United States is 82,518,000. At this rate the country can get ready to celebrate the official passing of the 100,000,000 mark by the count in 1920.

When the civil war was on it was thought to be a big thing for Abraham Lincoln to call for 400,000 soldiers. The mikado of Japan has just sent in a requisition for 1,000,000.

By advocating a big navy, Admiral [illegible] last chance for the Democratic presidential nomination. Maybe he would rather be a right admiral than a wrong president.

A foreigner will prepare the specifications for the Panama canal, and the Japs will do the digging. Chairman Shouts and the other commissioners will attend to the rest.

Japan is in a brown study over its inferiority in battleships. The lesson is valuable.

The Liquor License Issue.

The hearing on the application of Mr. Armstrong for a restraining order to prevent the Board of Town Trustees from granting three liquor licenses under ordinance recently passed by the board was had in the Superior Court yesterday. F. H. Thorpe appeared for plaintiff, J. J. Bullock for the applicants for licenses, and Archer Kincaid for the Trustees. The demurrers to the complaint were argued and submitted. The Court sustained the demurrers and gave Mr. Thorpe until Monday to amend his complaint, if he could. It was the off-handed opinion of the Court that it could not be amended.

Board of Trade Banquet.

The Board of Trade gave a delightful banquet to its members at the banquet hall of the Odd Fellows' building Thursday evening. Several invited guests were present from Menlo Park, San Mateo and Palo Alto. Eloquent speeches were made by Geo. W. Lovie, F. H. Thorpe, Editor Pinckney, D. E. Stafford and J. H. Coleman. Appropriate addresses were also made by P. P. Chamlain, A. D. Walsh and others. All had a good time and much was learned from the remarks of the speakers.

Crabtree-Hawes.

Rev. David Crabtree was married in Grace Episcopal church in San Francisco last Tuesday evening to Miss Eugenia Hawes. It was a fashionable affair, all the society folk of the city being present. Only a few friends attended the reception at the Pleasanton that followed the ceremony. Mr. and Mrs. Crabtree will be here in a few days to take up housekeeping in the Episcopal church parsonage.

Miss Anthony says divorce is a refuge. There are indications that is often a subterfuge.

Judging from the claims of the various Democratic party orators, Thomas Jefferson was the original India rubber man.

The absence of money is an inconvenience, but it is a partial recompence to know that most rich men are bald-headed and narrow chested.

An immigrant has arrived in Philadelphia with a moustache a yard long. If he isn't roped in by the Seven Sutherland Sisters our guessing apparatus has slipped a cog.

HOW HE WON HIS FIRST CLIENT.

Colonel E. F. Preston, whose sudden death was a shock to his many friends, was one of the most successful lawyers in the State, and yet he was far from being a leader of the bar. Though he received some big fees in the heyday of his professional career the bulk of his fortune came from profitable investments. He bought the stock of the Selby Smelting Works about twenty years ago when it was selling for ten or twelve dollars a share. Scarcely anybody had confidence in the stock at that time, but Preston bought all he could get, and the other day when the Smelter Trust secured control of the company after having paid as high as six hundred dollars a share for the stock, Preston was one of the largest stockholders. His death occurred just after the closing of a deal by which his fortune was greatly enhanced. Preston won his first rich client when he was a poor struggling attorney. One day while sitting in a Redwood City court room he heard an attorney who was addressing the court speak in disparagement of a man whose estate was being probated. Though not connected with the case Preston arose, protested against the language of the attorney and eulogized the character of the deceased. The widow was so pleased with his conduct that she employed him as her attorney. The estate subsequently yielded him a fee of $120,000. In recent years Colonel Preston took but a desultory interest in his profession, but he has been leading a strenuous athletic life. He was eager to reduce his weight and spent a great deal of time tossing the medicine ball at the Olympic Club.

ESCAPED AN AWFUL FATE.

Mr. H. Haggins of Melbourne, Fla., writes, "My doctor told me I had Consumption and nothing could be done for me. I was given up to die. The offer of a free trial bottle of Dr. King's New Discovery for Consumption induced me to try it. Results were startling. I am now on the road to recovery and owe all to Dr. King's New Discovery. It surely saved my life." This great cure is guarhnteed for all throat and lung diseases by P. A. Ryan, druggists. Price 50c, and $1. Trial bottles free.

BETTER THAN GOLD.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles: that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guarteed by P. A. Ryan, druggist, Redwood City.

Dr. Asa S. Collins and Dr. Harvey L. ODD FELLOWS ENTERTAIN.

Wednesday Night a Gala Time Was Had at the Local Lodge Room.

Bay View Lodge, I. O. O. F. assisted by the members of the local Rebekahs entertained about two hundred members, visiting brethren and guests, on Wednesday night at their hall. A lodge meeting was held first but by 8:30 the festivities were in full sway. A line of march headed by the officers of the Odd Fellows and Rebekahs led the way to the lower floor where Dan Mullen and Miss Linda Mullen dispensed sweet music which was enjoyed by the numerous dancers. Those who did not care to dance returned to the lodge room where seven tables were ready for progressive whist. Dancing and cards were indulged in until 12 o'clock when the ladies brought in refreshments which were heartily appreciated. A basket containing a souvenir, in the shape of a three-linked doughnut was presented to every guest (some of which had too much cotton in them to be edible).

All in all the affair was one of the most enjoyable held in the town for some time and in a measure took the place of the oldtime picnics which the lodge was wont in times gone past to give on their anniversary.

NEW COAST LINE RAILWAY.

Will Bond Rights of Way from Colma South.

T. J. Wilson, the Southern Pacific railroad right-of-way agent, is in the city, after a short visit to San Francisco. He starts this Tuesday for the end of this line and will work ahead, following Engineer Freeland and his corps of surveyors.

Mr. Wilson made the statement on Monday that Right-of-Way Agent Near, also of the Southern Pacific, had started out on the same mission as himself, from Colma, near San Francisco, toward Pescadero, following another corps of surveyors who are re-locating the old line.—Santa Cruz Sentinel.

Mr. Wilson is the agent who secured all the rights-of-way for a double track from San Francisco to San Jose.

Ross, attorney for Robert Chatham in the case of Chatham against Mansfield, has been notified by the new Court of Appeals that the case has been placed on the calendar and will be heard on May 18th. Should Chatham get a judgment, and there is very little doubt but he will, he will in all likelihood get possession of the Sheriff's office by the first of June if not earlier.

Struck It Rich.

Thomas Epperley, who, accompanied by Fred Stalter, left here a few weeks ago on a prospecting tour in Monterey County writes that he has discovered a good ledge of quartz at Pico Blanco, one of the roughest localities in the heart of the mountains in that county. Two specimens that he sent here have been tested and are pronounced by mining men to be a fine quality of ore. Mr. Epperley thinks he has struck a good vein that will pay him handsomely.

The Fourth at San Mateo.

AT THE TANNERIES.

The Output of Leather Is Greater Than Ever Before.

Tanning, which is the main industry of our town, is having a run of business never before equaled. A visit to Frank's tannery shows thousands of sides of leather weekly prepared for shipment to Japan.

At Beeger's tannery new buildings and new appliances are a common thing and improvements there hardly excite comment. Under the management of Carl Beeger the business has grown greatly of late and the grade of leather turned out is such as to win recognition as second to none.

At Graham's tannery the additions are very noticeable. A beam house, yards and drying sheds, have been added during the year and the place is run to its greatest capacity every day. The grade of leather turned out by this tannery is in such demand that Messrs. Graham & Johnson, the proprietors, are hardly able to meet the demands and are seriously considering the enlargment of the plant.

Redwood City seems to be ideally situated for manufacturing purposes. The water and railroad facilities are of the best and there is plenty of room for more industrial institutions to succeed here.

MENLO PARK OCCURRENCES.

Mr. and Mrs. Harry Holbrook have returned to San Francisco from their wedding journey and are domiciled at the Marie Antoinette.

J. B. Dunn has bought a number of lots near University Heights for the purpose of building a fine summer home for himself and his family.

Supervisor John MacBain is grading the Ringwood and Willow roads, and when completed those thoroughfares will be graveled. The work is being done under the supervision of Jarvis Murray.

The following have taken apartments at the Oak Grove for the summer: Mrs. Hedger, family and maid, of San Francisco; Mrs. Syncock and daughters, San Francisco; Mr. and Mrs. Dunn, San Francisco.

E. S. Clute has been appointed executor of the estate of the late Mrs. Stallard. He was named under the terms of the will to act as such. The will is to be probated in San Francisco and later an order of sale will be secured to sell all the real property in this county belonging to the estate.

Peter Ceregnino and Mrs. John O'Day were united in marriage by Father Conlan at Redwood City last Wednesday. After the ceremony the happy couple were driven to their home here to receive the congratulations of their friends. That evening a large number gathered to pay their best wishes to the young couple and were hospitably received by the blushing bride and bashful groom.

A man named Martinez came here Sunday from Palo Alto and soon worked up a jag. Along toward night he was very much under the influence of liquor and laid down on the track near the railroad crossing on Oak Grove avenue and went to sleep. The midnight train came along and ran over his foot. He was taken to Palo Alto where it was found necessary to amputate a portion of the injured member.

W. A. Dean of Palo Alto met with a distressing accident last Sunday while out driving with his wife and party of friends. They were returning from Portola and when near the Partridge residence the rig went over the culvert at that place, throwing Mr. Dean out. He suffered the fracture of one of the bones of his right arm. The other members of the party were also more or less injured. The culvert at that place is very narrow and scarcely wide enough for vehicles to pass over it.

The handsome two-story building of Mr. and Mrs. T. Fitzgerald was completed this week. It contains nine nicely-appointed rooms with electric lights, baths, telephone and everything strictly up to date to make it an ideal dwelling place. The interior of the structure shows careful planning, which is seen in the convenience of the rooms and fixtures. The halls are wide, the ceilings high, and the nicely tinted walls show artistic work. The beautiful hardware was specially designed by James Fitzgerald, who demonstrated his good taste in its selection. This beautiful home has been leased for one year to Walter Linforth, the well known San Francisco attorney.

All is in readiness for the big flower show next Saturday. All lovers of floral beauty should see the display, for it will be one of the finest ever given in the State. The Popes and Crockers of Burlingame are to make grand displays. Among the local residents who will exhibit are J. B. Coryell, C. W. Smith, Joseph A. Donohoe, S. E. Slade, E. W. Hopkins, Augustus T. Taylor, James L. Flood, J. Leroy Nickel, J. R. Smith, S. T. Britten, John T. Doyle, J. J. Moore, Sacred Heart Convent, Theodora Payne, A. J. Marcus, Mr. Weir, Mr. Kell, A. C. Bassett, Mrs. Winchester, E. L. Eyre, Perry Eyre, P. W. Selby, Timothy Hopkins, C. N. Felton, E. B. Ryan, and Edgar Mills. In the afternoon large crowds will witness the wilderness of blooms, while in the evening a high class entertainment, the best ever given in Menlo Park, will take place, and the day's merriment to conclude with an informal dance. Duff and Doyle Hall will be crowded from the opening to the closing of the doors on that eventful day.

Leaving home because of a quarrel with his father, disherited for willfulness, and then, after many years, discovered through the search of a sister who seeks to give him his rightful portion of the family property, is, in brief, the history of Welcome Fenner of the Soldier's Home at Santa Monica. After Fenner received his discharge as a Lieutenant in the Rhode Island cavalry he located in various Western States and territories, and just how his sister got trace of him is not known, but a few days ago she requested the Merchants' Trust Company of Los Angeles to investigate for her whether Welcome Fenner, at the Soldiers' Home was the brother she was seeking. A member of the company visited the home and had Fenner come to Los Angeles to have photographs taken to send on with other proofs of his right to an interest in the estate of Rhode Island. Fenner lived here for fifteen years and in 1903 departed for the Soldiers' Home. In the seventies he was engaged in constructing railroads in Oregon and Washington.

"Are you going to the picnic?" is heard on all sides, and the responses are invariably in the affirmative, so that the outing this year will be more largely attended than in former years. Just think of a whole day's sport in the heart of the Santa Cruz mountains, under the tall redwoods, and all for the small sum of one dollar. There will be a grand reunion of all the people of the peninsula. Redwood City is to send its usual large contingent, while San Mateo, Belmont, Mayfield, Palo Alto, Mountain View, Santa Clara and San Francisco will send hundreds to enjoy the outing. It will be a gala day. There will be sport for young and old. Catchy music will be furnished by the Redwood City band for those who desire to trip the light fantastic toe, while games, races and tug-of-war will attract the attention of the small boy and his sporting-inclined elders. Don't forget the date, Saturday, May 13th. Menlo's picnic this year will be unique. Five trains, the first starting from San Francisco at 7:15 o'clock, will carry pleasure-seekers from all the principal stations along the line. The trains will run at intervals of ten minutes, the last leaving Third and Townsend streets at 8:05 o'clock a. m. All trains stop at Valencia street, San Mateo, Belmont, Redwood, Menlo Park, Palo Alto, Mayfield, Mountain View and Santa Clara. The latter stopping place was added to the list at the request of a large number of residents of that district. The committee in charge of the big outing has made special arrangements for the comfort and pleasure of all who attend.

WOODSIDE CHIPS.

WOODSIDE, April 28—The McKee family came down from San Francisco last Wednesday and will summer at the home of Mr. Hooper, Mrs. McKee's father.

The young men announce a dance for the 6th of May. This is the first after Lent and all look for a good time.

Frank Hooper, nephew of J. A. Hooper, has purchased the home of Peter Mathiesen and the adjoining tract belonging to Walter Knight. Mr. Hooper will make this place one of the prettiest homes in the valley.

Miss Mary Walker of San Mateo enjoyed a week's vacation with her folks at this place.

Bert Shine came home from St. Mary's and spent Easter with is folks.

A party of horse-traders are camping at Whisky Hill and have a full line of horseflesh. Woodside is not much of a horse market but they are making a few sales.

J. A. Folger and family are occupying Hazelwood Hills for the summer.

The painting of the residence building of the late E. F. Preston has just been completed and the work certainly reflects great credit on the workmen.

James Hutchinson and his brother-in-law, Robert Martin, the head gardeners for J. A. Folger have resigned their positions. It is most likely they will return to Australia, their native land.

MORE RAILROAD TALK.

Coast Line Railway Incorporates with Capital Stock of $3,000,000.

The Coast Line Railway, incorporated by Messrs. Herrin, Hood and other Southern Pacific officials on April 15, is not to follow the coast line after all, if its articles of incorporation, filed with County Clerk H. W. Schaberg, on Friday are to be believed, but will traverse instead the counties of San Mateo, Santa Clara and Santa Cruz. True, a branch line from Boulder Creek to Pescadero, a distance of twenty miles, is provided for, but no mention whatever is made of a line to follow the coast from Santa Cruz to San Francisco.

Santa Cruz will be satisfied, however, if Messrs. Herrin, Hood, Dunne and others will build the eighty miles of line which their prospectus indicates. In that case the line would probably leave the main line of the Southern Pacific somewhere near Redwood City, cutting through a corner of Santa Clara county and going through the Big Basin to Boulder Creek. In preparing for this the line between Boulder Creek and Santa Cruz is already being broadguaged. This plan would avoid the the heavy expense of widening the Wright's tunnel and the worst part of the narrow guage between Glenwood and Wrights.

The announcement has already been made at Southern Pacific headquarters, however, that the decision as to building this alternate route, cutting off the difficult part of the narrow gauge, will not be made until Messrs. Harriman and Krutischnitt come ont from the East, which will be in about sixty days.

Santa Cruz, however, welcomes the advent of the coast line railway. And if the eighty miles of main line via Boulder Creek and Redwood City, with the twenty miles of branch line between Boulder Creek and Pescadero, are built, as there is no reason to doubt, there will still be room for the Western Pacific, or whatever the syndicate is that is backing Engineer Rogers, to build an operate a paying electric line along the coast, by way of Pescadero and Halfmoon Bay, to San Francisco.

The amount of capital stock of the Coast Line Railway Company is $3,000,000, divided into 30,000,000 shores of $100 each. W. F. Herrin, chief counsel, and William Hood, chief engineer of the Southern Pacific, each hold 485 shares, and Messrs. P. F. Dunne of the legal department, N. T. Smith and J. L. Willcut of the treasury department each have ten share. One hundred thousand dollars of the capital stock has already been subscribed, of which 10 per cent, or $10,000, is declared to have been paid in to the treasurer, N. T. Smith.

A Vaudeville Show.

Next Tuesday night, May 2, an entirely new show with smooth edges. "The Impossible Voyage" one of the finest moving pictures ever produced by a biograph; the beautiful illustrated ballad, "When the Sunset Turns the Ocean Blue to Gold"; an excellent bill of 9 big acts headed by Nancy Rice, the famous harpist and vocalist introducing specialties; comedy acts introducing latest song hits and eccentric dancing, the program to conclude with a roaring farce comedy. The Chinaman who was tied up in Frisco with his laundry this week will absolutely appear.

ADDITIONAL STREET WORK.

More Curbing on Portions of Streets North of A Ordered.

The preliminary work of curbing the streets goes merrily on. Last Monday night the City Council adopted specifications for curbs on portions of all of the streets north of A street as follows:

Washington street from Jefferson street to First street.

Webster street from Jefferson street to Second street.

First street from A street to C street.

Second street from creek to D street.

Third street from creek to D street.

Fourth street from right-of-way of Southern Pacific Railroad Company to D street.

Fifth street.

Sixth street.

Seventh street from Arguello street to D street.

Ninth street from Arguello street to B street.

Tenth street from Arguello street to B street.

Eleventh street from Arguello street to B street.

Twelfth street from Arguello street to B street.

Thirteenth street from Arguello street to B street.

Arguello street from A street to Fourteenth street.

B street from First street to Eighth street.

C street from First street to Eighth street.

It was the sense of the board that the property owners be given one month in which to sign agreements to carry out the board's directions, as it is the intention to hurry on the work of rocking the streets. Should the realty owners show an inclination to delay the improvement the board will take the matter in hand and proceed according to law.

A second communication was received from Mrs. Cullen asking a decision regarding her Mound-street curb. It was voted that the curb be built as required in the engineer's specifications.

The Clerk was directed to advertise for bids for constructing curbing around the property owned by the corporation on Mound street.

The clerk read the following communication from Mrs. B Cullen:

Redwood City Cal., April 24th. To the Hon. Board of Town Trustees—Dear sirs: Will you kindly give me a definite answer to my communication of April 17th regarding the laying of a curb in front of my property on Mound street, as I would like to go ahead with the work. Mr. Smith is quoted as saying that "a rock fill would not hold up an 18 inch curb. A 30-inch curb is necessary." This statement is directly contradicted by some of the work recently performed by him on this street. Where the specifications call for a 30-inch curb, in places it is not over 18 inches. If the board will examine the work done, they can confirm what I have stated. Very truly yours, Mrs. B. Cullen, per C. Cullen.

The contents of the communication were fully discussed by the board and it was admitted that the specifications were not lived up to. It was the prevailing opinion of the board that the specifications should be adhered to.

COLONEL PRESTON'S WILL.

All the Estate Is Bequeathed to His Widow.

Mrs. E. F. Preston, through her attorneys Drown, Leicester & Drown, filed the will of her late husband, E. F. Preston, last Tuesday for probate. It is an holograph will and was executed August, 1900. By the terms of the instrument all the property is bequeathed to decedent's wife, who is named as executrix to serve without bonds, and who is given full power to manage or dispose of the estate as she deems proper. The five grown children are not mentioned in the will. The petition for letters does not mention the value of the estate, except that it exceeds $10,000. The petition will be heard on April 29th. Those who are acquainted with Mr. Preston's affairs say the value of the estate will reach the half million mark, though it was considerably incumbered. When all the debts are paid it is believed there will be $300,000 to distribute to Mrs. Preston.

Following is the will in full:

I, Edgar F. Preston, being of lawful age and sound and disposing mind, do hereby make, publish and declare this to be my last will and testament in manner following, that is to say: That all of my estate is common property, and I do hereby bequeath and devise the one-half thereof that is subject to my testamentary disposition unto my beloved wife, Josephine E. Preston, to her own separate use and benefit forever. That by the foregoing I do bequeath unto my said wife Josephine all my property—real, personal and mixed—wherever the same may be situate, of which I may die siezed or possessed, or to the seizin or possession of which I may at the time of death be entitled, and that it is my intention to exclude my childen, Isabel, Randolph, Edith, Norma and Frank, from any participation in my said estate.

I do hereby appoint my wife, Josephine E. Preston, executrix of this, my last will and testament, with full power to sell the whole or any part of my estate at public or private sale with or without any notice thereof, and I further direct that no bond or security of any kind whatever shall be required of her and that no order for the sale of all or any portion of my estate shall be required.

In witness whereof, I have hereunto set my hand and seal this seventh day of August, 1900. E. F. Preston.

Work on the buildings will begin early next week. The structures are to be located on Second, Brannan and Japan streets and when completed will be the finest, most modern and most commodious of any warehouses in San Francisco. Mr. MacBain was awarded another contract a few weeks ago by Mr. Felton to erect a theatre near the corner of Seventh and Market streets at a cost of $100,000. With contracts aggregating nearly a quarter of a million dollars and his Supervisorial duties Mr. MacBain will be a very busy man for some time to come.

THE INHERITANCE TAX LAW

Some of the New Provisions, as Enated by the Legislature.

In Effect July 1, 1905, and All Taxes Must Be Paid on Estates Before Distribution.

County Clerk Schaberg has received from the State Controller a copy of the inheritance tax law passed by the last Legislature. Following are a few of the provisions of the act:

Before any decree of distribution of an estate is made, the court must be satisfied, by the oath of the executor or administrator, or otherwise, that all state, county and municipal taxes, legally levied upon property of the estate, and any inheritance tax which is due and payable, have been fully paid.

When the property or any beneficial interest therein so passed or transferred exceeds in value the exemption hereinafter specified and shall not exceed in value twenty-five thousand dollars the tax hereby imposed shall be:

1. Where the person or persons entitled to any beneficial interest in such property shall be the husband, wife, lineal issue, lineal ancestor of the decedent or any child adopted as such in conformity with the laws of this State, or any child to whom such decedent for not less than ten years prior to such transfer stood in the mutually acknowledged relation of a parent, provided however, such relationship began at or before the child's fifteenth birthday, and was continuous for said ten years thereafter, or any lineal issue of such adopted or mutually acknowledged child, at the rate of one per centum of the clear value of such interest in such property.

2. Where the person or persons entitled to any beneficial interest in such property shall be the brother, or sister of the decedent, a wife or widow of a son, or the husband of a daughter of the decedent, at the rate of one and one-half per centum of the clear value of such interest in such property,

3. Where the person or persons entitled to any beneficial interest in such property shall be the brother or sister of the father or mother of the decedent, at the rate of three per centum of the clear value of such interest in such property.

4. Where the person or persons entitled to any beneficial interests in such property shall be the brother or sister of the grandfather or grandmother of the decedent, at the rate of four per centum of the clear value of such interest in such property.

5. Where the person or persons entitled to any beneficial interest in such property shall be in any other degree of collateral consanguinity than is hereinbefore stated, or shall be a stranger in blood to the decedent, or shall be a body politic or corporate, at the rate of five per centum of the clear value of such interest in such property.

The foregoing rates are for convenience termed the primary rates. When the market value of such property or interest exceeds twenty-five thousand dollars, the rates of tax upon such excess shall be as follows:

1. Upon all in excess of $25,000 and up to $50,000, one and one-half times the primary rates.

2. Upon all in excess of $50,000 and up to $100,000, two times the primary rates.

The following exemptions from the tax are hereby allowed:

1. All property transferred to societies, corporations now or hereafter exempted by law from taxation, or to any public corporation, or to any society, corporation, institution or association of persons engaged in or devoted to any charitable, benevolent, educational, public, or other like work (pecuniary profit not being its object or purpose), or to any person, society, corporation, institution, or association of persons in trust for or to be devoted to any charitable, benevolent, educational, or public purpose, by reason whereof any such person or corporation shall become beneficially entitled, in possession or expectancy, to any such property or to the income thereof shall be exempt.

2. Property of the clear value of ten thousand ($10,000) dollars transferred to the widow or to a minor child of the decedent, and of four thousand ($4,000) dollars transferred to each of the other persons described in the first subdivision of section two shall be exempt.

Applys for a Liquor License.

Eli Fishman, at one time a dealer in clothing at Redwood City and latterly of Palo Alto, Mayfield, etc., has incurred the wrath to come of all the good people of Mayfield by applying for a license for a wayside inn just south of that dry town. Mayfield was, prior to January 1, 1905, a hangout for all kinds of convivial souls, who incidentally left quantities of small change in sundry tills. Eli is now anqions to gather up the aforesaid tills to catch the above mentioned shekels. The people of Mayfield are so wrought up, about the matter and are raising such a determined opposition that it is doubtful if "Eli will get there."

Self-love is the root of most people's discontent.

Let go or die. That's the alternative of the shipwrecked man with the money bags. A great many people have a like alternative before them. Business men come to a point where the doctor tells them that they must "let go or die." Probably he advised a sea voyage or mountain air. There's an obstinate cough that won't be shaken off. The lungs are weak and perhaps bleeding. There is emaciation and other symptoms of disease, which if unskillfully or improperly treated terminate in consumption.

Thousands of men and women in a like condition have found complete healing by the use of Dr. Pierce's Golden Medical Discovery.

"It gives me pleasure to send you this testimonial so that some other poor sufferer may be saved, as I was, by Dr. Pierce's Golden Medical Discovery," writes Geo. A. Thompson, of Sheldon Ave., Chatham, Ont., Canada. "I had a cough for years, expectorated a great deal and was slowly failing. Was losing flesh every day. Lost in weight from 150 pounds down to 128. My flesh got soft and I had no strength. Did not say anything to any one but made up my mind that the end was not far off. One day my wife was reading in the 'Common Sense Medical Adviser' about Dr. Pierce's Golden Medical Discovery, and I said, *that* sounds more like common sense than anything else that I had heard. I at once bought a bottle of your famous remedy and before I had taken half of one bottle I felt better. Took thirteen bottles and it made a new man of me. I gained sixteen pounds and never have had a cough since. I feel splendid and give all the credit to your medicine."

Given away. The People's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. The book contains 1008 pages, over 700 illustrations and several colored plates. Send 21 one-cent stamps for the paper-bound book, or 31 stamps for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Pierce's Pleasant Pellets cure sick, tired stomach and constipation and so often cure nearly every disease of mankind. They regulate, tone up and invigorate Stomach, Liver and Bowels.

The Rose and Its Thorns.

This is the old legend of how the rose came by its thorns: One day in paradise Cupid was flying over a garden of roses. Blossoming there was a beautiful pink rose. Cupid bent to kiss it when a bee hidden in the flower stung him on the lip. Crying with pain, Cupid fled to Venus, his mother, demanding vengeance. Venus, to pacify him, gave him a bow strung with captive bees and set the stem of the rose with stings torn from the poor bees. Thrse stings now are called thorns.

His Appearance Under Difficulties.

"Robbed by footpads, were you? It must have made you feel like 80 cents."

"Yes, and I'll bet I looked like 12 o'clock."

I was all run down from nervousness and overwork and had to resign my position and take a rest. I found that I was not gaining my strength and health as fast as I could wish, and as your Wine of Cardui was recommended as such a good medicine for the ills of our sex, I bought a bottle and began using it. I was satisfied with the results from the use of the first bottle, and took three more and then found I was restored to good health and strength and able to take up my work with renewed vigor. I consider it a fine tonic and excellent for worn-out, nervous condition, and am pleased to endorse it.
